Dear Paul:

You have been carrying the name of James Hogan on your special list, at our request of April 1974 by Guy P. Miller, then Scout Executive.

At the request of the Portland East Stake of the Mormon Church, this matter now has been reopened. Upon investigation by the Stake President, supported by the man who was Stake President in 1974, they have determined to their satisfaction that he was not guilty of the accusation in 1974 but failed completely to represent himself at that time. Both Presidents know him and have worked with him through these years and are positive he is capable of working with youth.

We therefore endorse their request and ask that James Hogan now be permitted to be a registered adult. You will find his name on the attached roster.

Sincerely,

Dear Bruce:

The purpose of this letter is to put to rest the unresolved allegations on record for James Hogan. Mr. Hogan is a member of the Portland First Ward in the Portland Oregon Stake of the Church of Jesus Christ of Latter-Day Saints. Having discussed this matter thoroughly with Bishop Willis Packham of the First Ward, and President Herb Hill who is our Stake President, I am completely satisfied that the accusations on record are completely without substance.

The matter was reviewed thoroughly by the ecclesiastical authorities at the time of the complaint and again just recently in connection with recent callings extended to Mr. Hogan. In essence, Jim has a great love for young people and occasionally demonstrates this feeling with an embrace or other physical contact. He has been counselled to be careful as this action has the potential of being misinterpreted in spite of its total innocence.

I hope that this will be sufficient to clear his record and allow him to serve in the scouting organization. If I can be of further help don't hesitate to contact me.

Gentlemen:

This will serve to inform you of our request that Mr. James F. Hogan, who has been most recently registered as the Cubmaster of Pack 812, be placed in the Confidential file and no longer be permitted to serve as an adult in the Scouting program.

I'm enclosing a copy of a report from our Field Director, Pat Murphy, together with a copy of a letter from Mr. Hogan. I extended to him the opportunity to visit me and refute the allegations made by the families in the Cub pack, but I've heard no further from him; thus, I think we have no alternative except to place him in the Confidential file.

Please send me the necessary forms and we will get the full information.

APR 8 1974

COLUMBIA PACIFIC COUNCIL  
BOY SCOUTS OF AMERICAMr Miller

I apologize that I was unable to keep our appointment. I was teaching a class that was being videotaped and the taping problems made it last longer than I had expected.

At the time that this difficulty seems to have arisen I was ill much of the time and was unaware of what was taking place within the pack and even at parent level. I regret that I was not closer to the parents so that when they felt there was a problem they could have come to me. I still don't know exactly who they are or I would write to them now. After I was released from the hospital I talked with Mr. Forns and he was going to attempt to make arrangements for me to talk with parents. He later called and said that they were not agreeable to this. I still want to get this resolved but I don't think that forcing people into a conference at this time would be a solution.

After much counselling with my Bishop I realize that my actions have been very immature and foolish in as much as I had not the right to treat them as I treat my own but I want to emphasize that I have no immoral designs on any of these children. I understand now that I have acted unwisely and have given cause for concern among parents.

CONF008782

DYKES\_I\_006653

but my actions were not different from those with my own children. I am very sorry that I have caused these problems in the lives of these people. I respect them and sought to involve them in the scouting program. I am also sorry that all this seems to have been compounded by a personality clash with [REDACTED]

I fully endorse the principles of the scouting program and I know what a difference can be made in the lives of those young people who grow up with the benefits of the scouting program. I have repeatedly stressed this in all scouting and potential scouting families. It has never been my intention or desire to do anything that would detract any one from these principles or to discredit them. I apologize to those parents and others who have become involved. I hope to have the opportunity to address my feelings directly to those who feel that I have wrongly acted.

Sincerely,

Capacity in Scouting: former Cubmaster - Pack 406 - sponsored by the  
Chapman School P.T.A.

Pioneer District

Mr. Hogan was dropped off the charter as of March, 1974 for the following reasons. In the evening of March 15 I was asked to meet with some of the parents of Pack 406 to discuss with them the actions of the former Cubmaster, Mr. Hogan.

As it turned out only [redacted] and [redacted] were represented at the meeting, however, they did give me the names and phone numbers of many other interested parents which are also enclosed with this document.

In the month of January, 1974 Mr. Hogan took his Webelos den up to the Woodland, Washington area to see Chief Lalocaska. When he went to pick up the boys at their respective homes he asked some of the parents if it would be alright if their sons stayed over at his house that night as they would probably be returning very late. The [redacted] at first said no, but then decided it would be okay if Mr. Hogan would please call them as soon as they returned so they would know that their son as well as the other boys had returned safely. They waited up until almost 2:00 A.M. in the morning and heard nothing from Mr. Hogan until the late morning.

When the [redacted] boy came home he told his parents of the following incidence which had occurred the night before in the Hogan house. Mr. Hogan had asked the young man to sleep on the couch in the living room, in his sleeping bag which the boy did. In the middle of the night Mr. Hogan came downstairs and layed on the couch with the young [redacted] boy.

CONF008784

DYKES\_I\_006655

3/20/74

He proceeded to hug and kiss the boy as well as he ran his arm and his elbow down into the boy's crotch, however his arm was outside of the sleeping bag. He continued to do this for quite some time. He then left and went back upstairs to his own room - - or at least the boy thought so.

Again in the morning Mr. Hogan came downstairs and did the same thing again. The boy tried to pretend that he was not awake by closing his eyes and hiding his head in his sleeping bag, but Mr. Hogan continued the endeavors anyway.

At the Webelos den meeting the boys according to the [redacted] all say that Mr. Hogan has been seen many times kissing and hugging the young men behind doors or behind other fixtures within the room. He is constantly picking the boys up by their crotch. One day Mr. Hogan was seen by the local mailman hugging and kissing a boy by the name of [redacted] outside his home. The [redacted] boy was taken to Kaiser Clinic to discuss the problem with a Dr. Foreman. Dr. Foreman was unable to get the boy to discuss anything that had happened with Mr. Hogan. The only thing that anybody really knows is that when the [redacted] boy sees Mr. Hogan he runs and hides. [redacted] was a very enthusiastic Cub Scout. One day he came home from a meeting, took off his uniform and threw it and his books into the closet and has not taken them out to this day. According to all who know the young man he is a very outgoing and well-rounded boy, but he is extremely scared of Mr. Hogan to the great concern of the parents.

There have been many more incidences of the same nature with other boys but as I said at the beginning of this letter the parents were not able to be at our meeting. They also told me that some years ago the Hogan family had a foster son and that the welfare department took the boy away because of this same type of action. There seems to be some questions about the exact amount and where the pack monies have gone. It is thought to be around \$75.00. It was said that Mr. Hogan would buy presents and goodies for the boys who he liked the best in the pack. This bothered many of the parents, however, this was not one of their greatest concerns. The greatest concern was to get help for Mr. Hogan and to keep him out of their neighborhood and away from their school and cub pack.

As I said in the beginning Mr. Hogan has been dropped from Pack 406, but he is very active with Pack 812 which is in Tyes District - 12th Ward of the Portland State, LDS Church. It was asked by the pack committee if the LDS Church could help Mr. Hogan. When the man went back to Mr. Hogan and asked him if the Bishop had had the opportunity of discussing Mr. Hogan's problem with him, Mr. Hogan simply said yes. The Bishop said not to worry about it at all.

I do not have the names of the individuals involved in that particular conversation. They also told me that about five years ago Mr. Hogan was involved in Pack 406 of that same area and that the same problem had occurred at that time and he was asked by that committee if he would please withdraw from Scouting, which he did. They called the Scout office and nothing was done to make sure that he could not be registered again.
